

AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions and listings of claims in the application.

LISTING OF CLAIMS

1-20. (withdrawn)

21. (original) A light source apparatus comprising a plurality of light sources arranged therein, being capable of projecting a desired light pattern by controlling a light emitting state of each of said plurality of light sources,

wherein said plurality of light sources are arranged on a flat surface with optical axes thereof radially disposed.

22. (original) A light source apparatus comprising a plurality of light sources arranged therein, being capable of projecting a desired light pattern by controlling a light emitting state of each of said plurality of light sources,

wherein a projection range is divided into a plurality of ranges in a direction for forming said light pattern, and

groups of light sources respectively covering said plurality of divided ranges are aligned in a direction perpendicular to said direction for forming said light pattern.

CONCLUSION

Claims 21-22 are now pending in the application. Prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
